

HRA Latest, Volume 9 Special Edition

This special edition of HRA Latest launches our Year in Review, 2013-14.

The [Annual Review](#) highlights the significant advances made by the HRA over the last financial year, including the announcement of funding for HRA Approval and progress on a number of projects supporting this work programme.

The Review also covers key initiatives, such as work to replace the Research Governance Framework and to improve transparency in health research, on which work is continuing through 2014-15. It also demonstrates our strong operational performance, including significant improvements to the efficiency of our committees.

Do encourage your colleagues to subscribe to our bimonthly newsletter, HRA Latest, for regular updates, and follow us on Twitter, @HRA_Latest, where we will tweet our news releases and any updates on HRA Approval.
