Chair's overview of the past year:

This year has seen stability in the administrative support to this committee. We are enormously grateful to Ashley Totenhofer for doing such an excellent job taking over from Heather Harrison. I thank all the members for their contribution to and support of the Committee. We are delighted to welcome Peter Guest to the Committee and Mary Glover who has returned to the Committee after a break.

As the statistics show the committee has operated smoothly this year. We aim for a fast turnaround of applications. We have seen a varied selection of research projects and we look forward to a successful year to come.
