HRA Board Cover sheet

20 July 2022

Title of paper:	Control of Patient Information Notice final report
Submitted by:	Janet Messer
Summary of paper:	<p>The report summarises the action taken by the Confidentiality Advisory Group (CAG) to transition research applications previously conducted under a general notice (COPI notice) under the Health Service Control of Patient Information Regulations 2002 to support the response to the COVID-19 pandemic, to Regulation 5 (s251) support.</p> <p>It also highlights some of the challenges the COPI notice raised for the CAG, how these were dealt with and how both the Confidentiality Advice Team and CAG have taken learning from this to develop the service further.</p>
Reason for submission:	For information
Further information:	The information will be incorporated into the full CAG annual report in September, but is being provided to the board to provide assurance of completion of transition from the COPI notices.
Budget / cost implication:	none
Dissemination:	To be summarised and published in the CAG annual report. Details of individual studies are in the public domain through publication of CAG minutes
Time required:	No time needed – included for info only
