Chair's overview of the past year:

The Annual Report 2011-2012 accurately reflects the hard work of both the Committee Members and the Coordinator. Oxford B members routinely attend more than the required number of REC and training meetings.

In the course of the past year, Oxford B have embraced Chair's Actions and Sub Committee documents via e-mail, as well as PR and teleconferencing.

The difficulties of annual leave cover in August are accurately portrayed in the report as well as other overruns. This issue has now been addressed with the addition of support within the office as well as the appointment of an Alternative Vice Chair.
