Chair's overview of the past year:

This report has to start with the committee's achievement in obtaining full accreditation status, we have had brilliant audit results as well as pleasing KPI timelines and the quality of work this year has been outstanding. This is all credit to our members and of course the administration work of the Nottingham REC office and in particular Miss Georgia Copeland (REC Manager) and Miss Lindsey Wallace (REC Assistant) for keeping us resolutely to a timeline and providing excellent and timely support. We are settling down into our new venue in Dudley well and the attendance numbers have not been disrupted as we previously suspected it may have been. This has been helped by the fact that our committee has a new member Aisha Malik and Keith Lackenby has also joined us for six months to help us with our work, in particular chairing our proportionate review meetings. We are also pleased that Nanak Sahardi has been appointed as our new alternate vice chair this year. The committee continues to review and process a large number of substantial amendments and I really appreciate the support of the Vice-Chair in this work. The committee will now endeavour in the coming year to maintain the gold standard it has set itself and we look forward to a further positive year to come.
